

## Better Packages, Inc. Testimonial

---

# Owens Export Service Supplier of Military Vehicles & Parts

Switched from using a competitor's water-activated tape dispensers to a Better Pack 555eSA to achieve effortless operation and assured reliability

The Better Pack 555e is the industry's only UL Listed electronic water-activated tape dispenser. Engineered and built to meet or exceed UL, CE, CSA safety requirements

“We have been using your dispenser for several months now and are extremely happy with its sturdiness and reliability. We have run numerous rolls of water-activated tape through and have not seen a single paper jam! We use to use one of your competitor's machines and like the Better Pack dispenser much better. We like the dispenser so much, we just purchased another one!”
