

# Better Packages Electronic Water-Activated Tape Dispenser

## Better Pack® 755

### Accuracy and Reliability in a Rugged Dispenser

The durable Better Pack 755 is a rugged workhorse that excels in demanding work environments. The unique 4 inch wide tape capacity provides a strong, secure, sustainable seal – paramount for packages containing heavy, bulky items. Compact with a low profile design, the Better Pack 755 will improve the efficiency and productivity of operations with medium- to high-volume packaging needs.

#### Effortless Operation

- Smooth-touch, color-coded key pad is easy to use
- 20 preset lengths can dispense from 6 to 75 inches of tape with the touch of a button
- Random key allows for continuous, uninterrupted tape dispensing

#### Safe and Dependable

- Meets or exceeds CE standards for operator and electrical safety
- Steel frame construction and few moving parts means minimal maintenance
- Two water brushes provide uniform, consistent tape moistening
- Adjustable top heater warms the water which optimizes integrity and bonding properties of the tape
